

YESHA PATEL

Computer Science Graduate | IT Support & Technical Specialist

512 Lightning Bug Ct, Lexington, SC 29072 | (973) 906-2824 | yeshapatel042003@gmail.com | [linkedin.com/in/yeshappatel](https://www.linkedin.com/in/yeshappatel) | github.com/Klutzgurl477

SUMMARY

Computer Science graduate with hands-on experience in technical support, troubleshooting, front-end development, and AI-assisted workflows. Strong communicator and problem-solver, developed through mentoring 200+ students weekly as a Teaching Assistant. Adaptable across IT support, software development, and QA environments, with proficiency in Windows, Linux/Unix, networking fundamentals, Git/GitHub, and modern cloud and AI tools. Eager to bring strong technical fundamentals and a fast learning curve to an entry-level technical role.

TECHNICAL SKILLS

Operating Systems: Windows, Linux/Unix, macOS

Support & Tools: Troubleshooting, Git/GitHub, VS Code, Android Studio, Microsoft Office, Figma, Scrum/Agile

Languages & Technologies: Java, Python, JavaScript, HTML/CSS, SQL, Shell Scripting, C/C++

Networking & Systems: Networking Fundamentals, Database Systems, Operating Systems Concepts

CERTIFICATIONS

- AI Fluency: Framework & Foundations — Anthropic (Jun 2026)
- Claude 101 — Anthropic (Jun 2026)
- Microsoft Azure Essentials Professional Certificate — Microsoft & LinkedIn Learning (Jun 2026)

EDUCATION

University of South Carolina — Columbia, SC

August 2021 - May 2025

Bachelor of Science in Computer Science | GPA: 3.2

Relevant Coursework: Networking, Operating Systems, Database System Design, Information System Principles, Unix/Linux Fundamentals

PROFESSIONAL EXPERIENCE

University of South Carolina — Columbia, SC

September 2023 - April 2025

Teaching Assistant

- Provided weekly technical support and troubleshooting to 200+ undergraduates working in Python, HTML, JavaScript, and CSS, resolving coding and environment issues under time pressure.
- Diagnosed and explained root causes of recurring student errors, reducing repeat questions and improving first-time fix rates.
- Delivered clear, step-by-step guidance and examples tailored to each student's skill level, improving comprehension and assignment completion.
- Collaborated with fellow TAs to standardize troubleshooting approaches and improve the overall support experience for students.

PROJECTS

LearnLink Capstone Project

August 2024 - April 2025

Frontend Developer & Tester

- Built a component-based React front-end supporting student communication and study group formation.
- Implemented controlled forms with client-side validation and integrated front-end components with backend APIs.
- Designed reusable UI components to improve maintainability and scalability.
- Tested UI workflows and validated user interactions, identifying and resolving issues to improve reliability and usability.

ADDITIONAL SKILLS

- Strong verbal and written communication
- Customer service and end-user support
- Team collaboration
- Critical thinking and problem-solving
- Fluent in English, Hindi, and Gujarati
